ADVANCED SOLUTIONS  
FOR YOUR BUSINESS

## ANALYTICS

# MEASURE YOUR SUCCESS

### VISUAL

What if you could assess your performance at a simple glance?

### SMART

What if you could track and visualise the profitability of your main processes?

### CUSTOMISABLE

What if you could set up your own goals for each Key Performance Indicator?

**PPG COLLISION SERVICES®** puts at your disposal **ANALYTICS**, a powerful tool to ensure that your paint section is contributing to the profit of your business. Thanks to its dynamic dashboard, KPIs can be visualized in a very intuitive way, making it easy for you to understand how your paint material is used.

**ANALYTICS** is our smart solution designed for you, as it retrieves data about your paint consumption or inventory from all other systems and matches it with your key business figures such as the number of paint jobs or of service hours sold.

An extensive list of KPIs to choose for their visualisation and tracking over time makes **ANALYTICS** a truly customisable tool. Learn how to improve the performance of your bodyshop, set targets for each indicator you wish to measure and track your success.

With **ANALYTICS** we also address big groups of bodyshops main concern about how to optimize their overall group result. Our tool consolidates the data from all bodyshops of your group and calculates the average result for each KPI. Additionally, it helps you to identify best performers in your group and to apply their best practices to all your other bodyshops.

Be smart and start measuring the success of your bodyshop with **ANALYTICS**.

THANKS TO **ANALYTICS**, NOW I CAN TRACK EASILY THE PARAMETERS THAT AFFECT THE PROFITABILITY AND CONSUMPTION OF THE PAINT MATERIALS OF MY BODYSHOP.
